STUDY PROGRAMME

Language, Literature, Culture

THE STRUCTURE OF THE LANGUAGE, LITERATURE, CULTURE STUDY PROGRAMME

The Language, Literature, Culture study programme consists of specific majors, within which there are compulsory and elective courses. Compulsory courses are listed in the tables for each major, while the lists of elective courses can be found in a separate section of the Course Catalogue. Elective courses are found:

- in comprehensive lists of elective courses* (open to students of all majors, but dependent on the guidelines of each major);
- in specific lists (which apply exclusively to the corresponding major and semester).

Students must choose courses in line with the guidelines of the major they are studying, paying attention to requirements in terms of the groups of courses that can be studied, as well as the course type and the corresponding number of credits (ECTS credits). Course types are marked as follows: NS (scientific-professional), SA (professional-applicative), AO (academic-general education), and TM (theoretical-methodological). The table includes the course code, the number of lecture and seminar hours, and the corresponding number of ECTS credits the course carries.

Students must register to attend a course at the beginning of the winter semester (from **October 1st to November 7th** of the current school year) or the summer semester (from **February 14th to February 28th** of the current school year).

* Comprehensive lists of elective courses can be found on pages ****_**** of this Catalogue.
